The logo of the 60th Year Celebration of Siena College of Taytay explained—

- The number 60 is stylized with the '0' appearing like a diamond in reference to the 60th anniversary (just like the 75th anniversary) being a diamond celebration.
- Within the diamond is the school logo (apart from the school's name printed at the bottom of the figure) showing that it is Siena College of Taytay celebrating its 60th year.
- The diamond is depicted in the school's official colours of maroon, yellow, black and white.
- Still within the diamond is a lit torch in reference to St. Dominic and as homage to the Order of Preachers or the Dominican Order, which we are a part of and is celebrating its 800th Jubilee Year.
- The diamond could also be viewed as a vessel—in conjunction with the school's theme of SCT: Vessel of Mercy—still containing the flame and looking very much like the Sacred Heart of Jesus, who is the source of everlasting mercy.
- The sparkle on the '6' and those scattered throughout the logo show how, like a diamond, the institution continues to shine, glow, to serve as a light, a guide to those entrusted to its care.
- **DIAMONDS ARE FOREVER, KINANG NG SIENA COLLEGE OF TAYTAY—NOON, NGAYON AT KAILANMAN.**
