

Message

SCT, still blooming at 60!

*This is the best time to **remember** with gratitude the humble beginnings of the former St. Catherine Academy which started with **147** students, now Siena College of Taytay with **4806** students.*

Remembering the past and origin of our history is indeed a beautiful and grace-filled experience-

- *to renew and embrace our culture, heritage, values, and resources;*
- *to take pride and have awareness of who we are and what our school stands for.*

*The founding anniversary is also a joy-filled opportunity to **celebrate** the blessings of the moment-*

- *to renew ties with the school with its past and present sisters, faculty, staff and alumni;*
- *to appreciate and recognize the achievements of the past and the present.*

*Lastly, this is the faith-filled moment to **hope** for the best for SCT and its dreams for the people it is destined to serve*

- *to sustain its program of excellence in educating the young;*
- *to continue promoting its dream for students to become Christ-centered, academically proficient, a life-long learner, service-oriented and a community builder.*

To all Sienans and Friends of Siena College of Taytay, Happy 60th Founding Anniversary!

Sister Caroline S. Capili, OP
President
